The true cost of error

© Get it Right Initiative 2019.

Get it Right Initiative Ltd is a company limited by guarantee in England and Wales. Company Number: 10532177. Registered address: Get it Right Initiative Ltd, Office 7, 35-37 Ludgate Hill, London, EC4M 7JN, United Kingdom.

The Get it Right Initiative (GIRI) is a non-for-profit organisation dedicated to improving productivity and quality in the UK Construction Industry by eliminating avoidable error and its associated consequences.

Key international studies suggest that the measured direct costs of avoidable errors are in the order of 5% of project value. This equates to approximately £5Bn per annum across the sector in the UK and is higher than average profit levels across the industry (around 3%).

When unmeasured and indirect costs are included the situation gets much worse with total cost estimates between 10% - 25% of project cost or between £10-25Bn per annum across the sector.

GIRI is a group of industry experts, organisations and businesses invested in eliminating avoidable error and improving the UK Construction Industry. The Initiative has developed a 'Strategy for Change' to address the root causes of error and is focused on improving construction productivity and quality.

GIRI Goals:

- Create a culture and working environment to get it right from the start.
- Change attitudes and harness leadership responsibility to reduce error and improve quality and productivity.
- Engage all stakeholders in eliminating error from inception, through operation, to completion.
- Share knowledge about error reduction processes and systems.
- Improve skills across the sector creating a positive approach to pre-empting error.

Working together to eliminate error

GIRI Activities:

- Develop and implement an error reduction skills program across the sector.
- Deliver a strategic awareness campaign to improve sector attitudes to error.
- Develop improvements to processes, systems and technology to remove error.
- Provide opportunities for members to share experience and network.

Why GIRI is important to you and your business:

- Help eliminate avoidable error.
- Improve productivity across the sector.
- Share expert knowledge and solutions.
- Save you, your business, the Industry, and the taxpayer, money.
- Reduce wasted energy and resources.
- Improve Industry reputation, responsibility, rigour and respect.
